BAYFIELD COUNTY TRIBAL RELATIONS NARRATIVE

APRIL 13, 2022

ITEM 5:

- Attached is a public health report from the previous week. A new one will be distributed on Monday. Bayfield County Sanitarian Anne Marie Coy prepares these weekly.
- Mary Motiff has prepared the attachment here on various tourism related topics.
- Jason Bodine reports that the DNR is reviewing the County Forest Law acreage removal. 706 acres are county forest. The total county acreage is 854. The county is securing the necessary state approvals before proceeding.

Item 6: The Bayfield County Board of Supervisors continues to prioritize broadband infrastructure in our communities. The County has supported, and local vendors have received numerous grants for expansion. Both Norvado and Bayfield Wireless received funds last year. The County also supported applications again this year from both Norvado and Bayfield Wireless in the northern part of the county. Putting infrastructure in place is the first step to provide universal access.

In addition to infrastructure the county is sharing information on the FCC ACP program. This is a federal program in conjunction with local service providers offering \$30-\$75 monthly discounts for internet subscriptions. More information is available here. <https://www.fcc.gov/acp>

Signup available here: <https://acpbenefit.org/>

Once signed up residents may contact a local provider for service.

Item 7. The Committee has discussed a joint resolution or proclamation about the importance of water to our communities. Attached is very rough draft. There was some discussion about something like this being acted on at the Joint Tribal County meeting scheduled for the 28th.

Item 8. Attached is a draft agenda for the Joint meeting at Red Cliff on Thursday, April 28 at 5pm.

Item 9: Next meeting, suggested date: July 13, 9am ??

MINUTES OF THE: **Bayfield County Tribal Relations Committee Meeting**

9:00am, Wednesday, January 26, 2022

Virtual Meeting Via Web Ex, hosted by Red Cliff

Members Present: *Supervisor Jeff Silbert, Supervisor Steve Sandstrom, Tribal Chairman Chris Boyd, Tribal Vice-Chair Nathan Gordon*

Others Present: *Bayfield County Administrator Mark Abeles-Allison, Assistant Tribal Attorney Wade Williams, Red Cliff Police Department Administrator Mark Pope, Bayfield County Chief Deputy Andy Runice, Tribal Administration Liaison Bryon Daley, Red Cliff Community Health Center Operations Coordinator Michael Lang, Bayfield County Public Health Nurse Holly Weber, Red Cliff DNR Division Deputy Administrator Gabrielle Van Bergen, Red Cliff Planning Administrator Nicole Boyd, and Bayfield County Clerk III Paige Terry.*

Called to order at 9:06 a.m. by *Tribal Chair Chris Boyd.*

Red Cliff Tribal Administration Liaison, Bryon Daley, informed the committee that Chase Meierotto would be unable to attend the meeting due to prior commitments and Gabrielle Van Bergen was invited to stand in for him.

2. Introductions and Tribute: Introductions of members were made.

Bayfield County Administrator, Mark Abeles-Allison, asked that the committee take a moment of silence in honor of former Tribal employee Jeanne Gordon who recently passed away. A moment of silence was held. Tribal Chair, Chris Boyd informed the committee that the Tribe received a proclamation signed by Governor Evers honoring Jeanne for her efforts.

3. Public Comment: None.

4. Motion to Approve Minutes of November 10, 2021, County-Tribal Relations Committee Meeting:

Motion by Gordon, seconded by Silbert to approve the minutes of the November 10, 2021, County-Tribal Relations Committee Meeting. Motion carried, 4-0.

5. Public Health Update: Red Cliff Community Health Center Operations Coordinator, Michael Lang, reported that the center has conducted a total 4,410 COVID-19 tests with 365 total tests being positive. Currently, the tribe is actively monitoring 95 individuals with 65 having positive test results. Red Cliff continues to conduct 100% contact tracing. Individuals that have received either the Moderna or Pfizer vaccine need to receive a booster after five months to be considered “up-to-date” whereas those that have received the Johnson and Johnson vaccine need a booster after 2 months. Lang explained that residents that have received the full vaccine series along with a booster are still getting sick but exhibit

milder symptoms. The Health Center expects COVID-19 cases to gradually decline. Red Cliff is working with the Bayfield School District on implementing a Test to Stay Program, but nothing has been finalized yet. County Board Supervisor, Jeff Silbert, asked if the CDC has released recommendations regarding receiving a second booster shot. Lang replied that such guidelines have not been released yet.

Bayfield County Public Health Nurse, Holly Weber, reported that every school and the long-term care facility in the City of Washburn in the county are currently experiencing an outbreak. The county is exploring Test to Stay options for the schools, but the department does not recommend the program due to the shortage of tests. Local hospitals are experiencing difficulties receiving COVID-19 tests as well as doses of antibody vaccinations. Both South Shore and Washburn School Districts are attempting to implement Test to Stay Programs, but nothing is finalized yet. With the large number of current cases, the department has shifted into crisis mode for contact tracing and is asking those that test positive to notify their own close contacts. A recent decrease in staff members is straining the department's capabilities. The committee discussed the possibility of the National Guard assisting with vaccinations and COVID-19 testing. Weber informed the committee that citizens are now able to order tests that can be conducted at home.

Discussion took place regarding the trend in COVID-19 cases and public response to testing, mask wearing, and vaccinations.

Abeles-Allison informed the committee that the public safety report item was accidentally left off the agenda and asked if the committee would not mind doing the report now. The committee agreed to address the report.

Bayfield County Chief Deputy, Andy Runice, reported that the Sheriff's Department has experience a shortage of staff due to illness. The department is short three deputies and expects more staff members to retire this year. Calls received by the department have remained stable with a slight peak in disturbance calls. Red Cliff Police Department Administrator, Mark Pope, reported that the department's new officer is entering his third week in the recruit academy. The department has experienced difficulties filling empty staff positions and has hired retired Sheriff's Office deputy John Gary to help with administrative duties. The Red Cliff Police Department and Bayfield County Sheriff's Office worked together the previous Saturday to conduct a patrol around the reservation with the Bayfield County K-9 unit. The committee discussed news pertaining to Ashland County potentially cutting law enforcement funds that would impact hours of coverage on Madeline Island.

6. **Tribal County Lands Update:** Red Cliff DNR Division Deputy Administrator, Gabrielle Van Bergen, informed the committee that the department will not be submitting land acquisition proposal to GLRI as there are multiple projects that are underway. Abeles-Allison reported that the Bayfield County Board of Supervisors adopted a resolution authorizing the process to withdraw 705 acres of forest from County Forest Law and to begin the sale of the land back to Red Cliff at the meeting held the previous night. Abeles-Allison explained that, once the process has begun, the county will begin the process of transferring 148 acres of in-rem properties to Red Cliff.
7. **Broadband Expansion Update:** Abeles-Allison reported that Bayfield County has received multiple state broadband grants with four projects receiving funding in the past year. Abeles-Allison explained that one project focuses on the areas around the City and Town of Washburn and south by the roundabout. Projects that have been undertaken focus on infrastructure; however, a large issue is connectivity. Abeles-Allison stated the county has begun promoting the FCC Connectivity Program that will assist eligible households receive broadband access. Discussion took place regarding broadband expansion to the municipalities and government buildings. Red Cliff Planning Administrator, Nicole Boyd reported the tribe is trying to get homes and dwellings connected to broadband access as well with

a broadband grant pending that would bring fiber cable into every home on the reservation. The tribe is also working to expand their cellular network.

10:10 – Tribal Chair Boyd called for a 10-minute recess.

10:20 – Meeting reconvened.

8. **Joint Tribal Council / County Board Meeting Planning:** Boyd explained that the original date was postponed until a later date for safety reasons.

a. **Location:** Legendary Waters Resort & Casino Event Center

b. **Time:** 5:00 p.m.

c. **Date:** April 28, 2022 (Tentative)

d. **Topics:**

i. **Introductions**

ii. **Opening Prayer**

iii. **Youth Presentation:** The committee discussed inviting local youth groups to attend the meeting and possibly deliver a small speech or presentation to the group. Groups suggested by the committee were the Youth Tribal Council, students from the local schools, and members of the local 4-H group.

iv. **State of County / State of Tribe:** Silbert suggested each governmental body give a 10–15-minute presentation to educate each other on the recent achievements and projects that each group has undertaken.

v. **Ongoing Collaborations:** Boyd suggested public safety, forestry lands updates, and health department collaborations be added as topics to the agenda.

vi. **Land Repatriation Efforts:** Boyd recommended that the group give a presentation of the historic timeline and present-day updates for the land repatriation efforts that have been made. Tribal Vice-Chair, Nathan Gordon, suggested Tribal Attorney Dave Ujke revising and delivering a presentation he made in the past on the topic.

vii. **Memorandum of Understanding:** Abeles-Allison explained that the MOU may need to be revised after the land is fully repatriated. It was suggested that the committee meet one more time before the joint meeting to finalize planning.

viii. **Future Cooperation Opportunities:**

1. **Water Bill of Rights?**

2. **Resolution to protect ground and surface water and watershed:** Silbert suggested the tribe and county collaborate to protect the area's water by drafting a resolution to ensure the safety of the water.

ix. **Tourism Opportunities:** The committee discussed adding trail access to the agenda. It was decided to leave the topic to the Committee rather than adding it to the agenda.

x. **Tribal County Law Enforcement:** Discussion took place regarding utilizing the Tribal County Law Enforcement Agreement as an educational opportunity to inform attendees on how the two departments have worked together in the past and will continue to do so.

xi. **Building Relationships:** Abeles-Allison clarified that the topic would be used to clarify where the governmental bodies see their relationship going in the future.

xii. **Group Picture**

9. **Future Meeting Date and Time:** Wednesday, April 13, 2021 at 9:00 AM

Abeles-Allison informed the committee that the County Board adopted a resolution in support of funding requests from municipalities and governments. Gordon stated that the Tribe would be willing to draft a letter of support for projects if necessary. Abeles-Allison replied that the County would do the

same for the tribe.

10. Adjournment: There being no further business to discuss, *Tribal Chairman* Boyd adjourned the meeting at **11:20 a.m.**

Respectfully Submitted,

PAIGE A. TERRY,

Clerk III, Bayfield County Administrator's & Clerk's Offices

On behalf of the Bayfield County-Tribal Relations Committee

PAT

Good Morning.

Here's your weekly COVID-19 update for the week of 3/28 to 4/3.

Some good news and bad news for the week. We did not have any school aged children with confirmed or probable results last week in Bayfield County! There were only 3 confirmed cases countywide and no probable cases reported. There was, unfortunately, one death of a positive case reported over the last week.

Local nursing staff and the WI Dept. of Health are both noticing that the rapid tests are less likely to test for the new Omicron B variant in individuals with lower viral loads early on in the disease stage, so if you do have children ill with COVID like symptoms, we recommend considering a PCR test rather than just the rapid test.

Currently – the CDC is listing ALL COUNTIES in Wisconsin as **LOW** (updated on Thursdays) Community levels.

New CDC COVID-19 Community Levels: What Do They Mean?

COVID-19 Community Level	You should:
LOW	<ul style="list-style-type: none">• Stay up to date with COVID-19 vaccines• Get tested if you have symptoms
MEDIUM	<ul style="list-style-type: none">• Talk to your health care provider about whether you need to wear a mask and take other precautions if you're at high risk for severe illness• Stay up to date with COVID-19 vaccines• Get tested if you have symptoms
HIGH	<ul style="list-style-type: none">• Wear a mask indoors in public• Stay up to date with COVID-19 vaccines• Get tested if you have symptoms• Take additional precautions as needed, if you're at high risk for severe illness

YOU STOP THE SPREAD  WISCONSIN DEPARTMENT of HEALTH SERVICES

Again - CDC is making this change to align with [updated guidance](#) that no longer recommends universal indoor mask wearing in K-12 and early education settings in [areas with a low or medium COVID-19 Community Level](#). IF your school is experiencing an outbreak, it is highly recommended the classes affected wear a mask until they are past their quarantine period.

Here are the recommendations for the week:

Please remember, elevated transmissions in one area of the county has the ability to affect all areas. Especially with multi-school events. Having COVID protocols on a stepped approach, is still the best way to prevent COVID outbreaks in your school.

- **DO NOT ALLOW ILL CHILDREN TO REMAIN IN SCHOOL. If they are symptomatic with 2 or more cold symptoms or a fever, please send them home.**
- **Have staff closely monitor students for symptoms after spring break. Send any ill students home.**

- Follow new CDC guidelines for masking if your school is at a high level or if you have a classroom that is experiencing an outbreak of COVID-19.
- Wearing masks at open to the public events is also strongly recommended if the county is at high community levels.

Quarantine guidance for schools:

DHS: <https://www.dhs.wisconsin.gov/publications/p02757.pdf> (the new policy is on Page 30)

DPI:

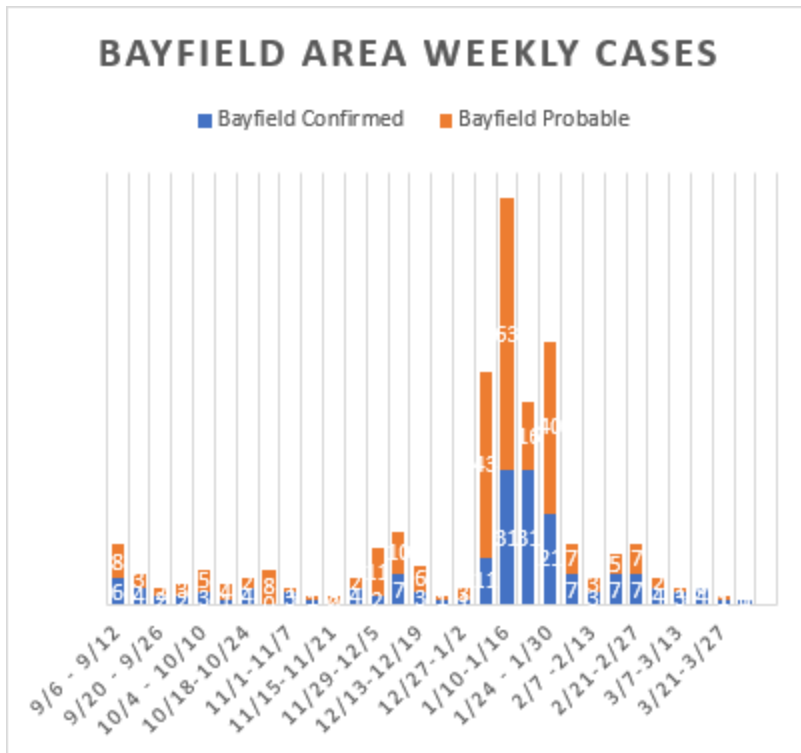

https://dpi.wi.gov/sites/default/files/imce/sspw/pdf/DPI_Infection_Control_and_Mitigation_Measures_for_Schools.pdf (the new policy is on Page 14)

THE CDC has a quarantine calculator and more info on the 5 day period here:

<https://www.cdc.gov/coronavirus/2019-ncov/your-health/quarantine-isolation.html>

I hope this information is helpful for your decision making this week. Again, if you need further info or have questions feel free to reach out.

-Anne

DRAFT
Proclamation
No. 2022-xx

Protecting Water

WHEREAS, Bayfield County and the Red Cliff Band of Lake Superior Chippewa, Gaa-Miskwaabikaang, are surrounded by abundant clean water; *and*,

WHEREAS, clean water is essential to the health and wellbeing of families, ecosystems and life across our communities and lands; *and*,

WHEREAS, clean water is the foundation of a vibrant community, economy and high quality of life; *and*,

WHEREAS, the laws of our State holds all navigable waters in public trust for use by all; *and*,

WHEREAS, Bayfield County and Red Cliff cooperate with each other on many levels; *and*,

WHEREAS, Bayfield County and Red Cliff are in unison in addressing threats to both surface and ground waters that impact the future of our communities;

- Bayfield County Board and the Red Cliff Tribal Council will endeavor to support and collaborate in defense and protection of all the waters we share; *and*,
- That this joint Proclamation will be the first of many bringing Bayfield County Wisconsin and the Red Cliff Band of Lake Superior Chippewa together.
