Discussion and Possible Action – Review and Approval of the DHS 2020 Annual Report

The DSH 2020 Annual Report was provided for review in the packet. Additional charts and graphs were provided at the meeting that will also be inserted into the report. Since Tribes don’t have the ability to levy taxes, counties pay for the out of home placements. The number of out of home placements made by the Red Cliff Tribal Court have been increasing, while county placements have been decreasing. This information is included in the additional graphs. Skulan noted the number of individual and/or households served increased in almost every area due to COVID except some program areas in Aging & Disability (A & D) Services. In A & D, there were instances when numbers decreased because programs were discontinued during the pandemic.

Motion by Milanowski, second by Fickbohm to approve the DHS 2020 Annual Report. Motion passed.

High-Cost Pool Fund for Tribal Court Placements and Tribal Subsidized Guardianship Award Letter – Bayfield County was awarded \$31,824.17 in High-Cost Pool Funds for Tribal Court Placements. This represented 5% of the total of funds available statewide of \$642,500.00.
