Soil: loamy sand	Reforestation Code: A/C	Tract Number: 16-14	Contract Number:	<p>* approx. 61% maple, 38% birch and 1% other hardwoods                  ** approx. 99% balsam fir and 1% other conifer</p>																										
Topography: gently rolling																														

## Harvest Requirements:

- Sale is an overstory removal and clearcut being sold on a Ticket Scale Basis.
- In the clearcut unit harvest all merchantable hardwood and conifer and sever hardwood stems 2" in diameter and greater. Leave all oak (purple-marked and unmarked). Leave all white pine, red pine, purple-marked birch, purple-marked red maple and non-merchantable conifer.
- In the overstory removal unit harvest all merchantable hardwood. Leave all white pine, red pine, non-merchantable fir/spruce, purple-marked oak and purple-marked birch.
- In the overstory removal unit, sale is restricted to shortwood logging to protect planted white pine; however, the whole tree may be utilized. If the whole tree is utilized 1 in 10 tops less than or equal to 4" in diameter must be left scattered across the site.
- In the overstory removal unit damage to existing regeneration must be minimized.
- Sale boundaries are painted red line or blue line. No equipment or felled trees may cross the blue line.
- There a few kegs/wetlands scattered throughout the sale. The majority of them are unmapped. Leave a 30', no-cut filter strip around any wetland/keg. No equipment or felled trees are allowed in the no-cut strip.
- Do not cut snags except for those that pose a safety hazard.
- Do not damage any survey monumentation.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
