

Bayfield County Forestry & Parks Department

Harvest Requirements:

- Sale is a red pine thinning in a natural stand that is being sold on a Ticket Scale Basis
- Sale boundaries are in red paint on the north and south. The west boundary consists of a mature red pine plantation. The east boundary is simply where the pine ends and becomes younger aspen
- Harvest all orange painted pine
- This stand is a natural pine stand so stocking of pine is variable. There are areas of young aspen scattered throughout the sale area. Minimize damage to young aspen and residual pine
- Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1st to August 31st.
- Do not cut snags except for those that pose a safety hazard
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment on to or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical
- Decking of wood along town roads will not be allowed without permission from Bayfield County
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure
